

Retronomes Present

The Music of

ELTON JOHN
THE BEACH BOYS
THE ROLLING STONES

The Retronomes are an award winning quintet from Australia's Gold Coast and are best known for their highly regarded tribute acts...

The Beach Boyz Show - The Elton & Friends Show - The Rolling Stonez Show

While still performing their successful individual tribute shows, the Retronomes have now combined those three shows into a single performance without equal - targeting the corporate client and others who really want something special for their function or event.

The Retronomes show is a stunning visual and musical production featuring passionate **totally live** performances with something for everyone - including fabulous costume changes, authentic vintage musical instruments, and a show packed full of great songs and hits by three of the finest artists and performers of all time - Elton John, The Beach Boys, and The Rolling Stones.

As a memento of this exceptional musical celebration, the Retronomes show will include a complimentary souvenir program for the guests.

Get set for "The Retronomes"
